

## The ASHRAE Historians Newsletter

November 2016

"Dedicated to Improving Communication among ASHRAE's standing Historical Committee, Regional and Chapter Historians"

Welcome to the edition of this periodic informational newsletter, authored by the Communications Subcommittee of the ASHRAE Historical Committee. For the Society year 2016-2017 the members of this subcommittee are Pamela Immekus, Subcommittee Chair, and all of the Regional Historians. This newsletter is written by Pam Immekus with liberal help of Bernard Nagengast, who wrote most of this.

A number of links to the ASHRAE webpage are below:

[www.ashrae.org/members/page/315](http://www.ashrae.org/members/page/315). Scroll to Policies and Procedures and click on Historians Guide this is your "bible" and is updated periodically.

**Historian's Workshop** PPT template is provided for you to use at CRC. Which is available on the Historical Committee webpage? Scroll down to Templates. Modify this presentation as needed. A suggestion is to add a section on developing chapter historical MBOs. Other templates available for the work shop are Honors and Awards <https://ashrae.org/membership--conferences/honors--award> all chapter historians should be encouraged to participate in the Honors & Awards Committee.

**Region Histories and Timelines:** At the bottom of the Historical Committee page there is a list of Region Histories and timelines. Add your timeline by emailing Emily Sigman [esigman@ashrae.org](mailto:esigman@ashrae.org) and she will see it uploaded on the webpage. A complete history would include histories of student branches, CRC events, any Society meetings held within the region, and a list of Society Awards within the region.

**Chapter Historian Alert:** The Gold Ribbon Chapter History is updated every three years. See the information on [www.ashrae.org/members/page/315](http://www.ashrae.org/members/page/315) Scroll down to Awards and click on Gold Ribbon Award (PDF) for the information and for the Gold Ribbon Award Form.
