

ASHRAE Technical FAQ

ID 42

Question Where can I get hourly, daily, and monthly weather data for my area?

The National Climatic Data Center ([NCDC](http://www.ncdc.noaa.gov)), Federal Building, Asheville, NC 28801, Tel.: 828-271-4800, (www.ncdc.noaa.gov).

Answer [NCDC](http://www.ncdc.noaa.gov) archives historical meteorological data for thousands of locations in the U.S. and internationally. Additional data will be available from countries' National Weather Services. The following web page at [NCDC](http://www.ncdc.noaa.gov) also provides links to web sites with meteorological information of potential interest to ASHRAE members (www.ncdc.noaa.gov/climate-information/sectoral/resources-for-building-engineers)
